Prahlad Bhadani

Salesforce Developer

Result oriented Salesforce Developer with 3+ years of experience seeking to utilise the best of his abilities to deliver high quality results to any organisation he works for.

Work Experience

- **Deloitte India | Gurugram, India** Mar 2022 - Present
 - **Salesforce Technical Consultant: June 2023 - Present**
 - **Salesforce Technical Analyst: Mar 2022 - June 2023**
 - Worked with a leading **European automotive** client and **2 Indian CG&S** (consumer goods and services) clients to implement Salesforce **Sales Cloud, Experience cloud and Service Cloud** Applications following **Agile Methodology**.
 - Assisted clients through **design, development, deployment and testing** of Salesforce applications involving **configuration and customisation** on the Force.com platform.
 - Extensively worked on **Apex Classes, Apex Triggers, Asynchronous Apex (Batch, Queueable, Future and Schedulable), Lightning Web Components**.
 - Created **Screen flows** and **Record Triggered flows** for registering and assigning Salesforce **Cases** through Assignment rules.
 - Designed and developed the process to assign Cases and create **Events** in Call Center agents' calendars based on the slot chosen and handled conflicting appointment slots via Lightning Web Components.
 - Reasonable working knowledge on **Platform Events** and Change Data Capture.
 - Implemented, **chained** and **scheduled Batch jobs** for bulk data processing and data initialisation requirements.
 - Created **REST web-services** to be utilised by Mobile Application team to **fetch and update** object data for Coupon Codes.
 - **Integrated** Salesforce with numerous external systems involving **REST API** callouts.
 - Created **reusable Lightning Web Components** like dependent picklist, data tables etc. Worked on enhancements and bug fixes in **Aura Components**.
 - **Migrated** pre built Aura Components to **LWC** ensuring **best practices** to make the application future proof.
 - **Customised Digital Experience Sites** and managed **guest user** access on the site.
 - **Deployed and Maintained** code through **Copado deployment tool, SFDX and GitHub repository**. Exposure to different types of **deployment errors**.

- **Accenture Technology | Bengaluru, India** Oct 2020 - Mar 2022
Associate Salesforce Developer
 - Worked with a leading **Beverage and Brewing company** based out of USA to implement requirements on **Sales Cloud** and **Experience Cloud** following **Scaled Agile Framework (SAFe)**.
 - Created various **Custom Objects, Custom Fields, Page layouts, Custom applications** on the Salesforce Platform.
 - Created and updated **profiles, permission sets and security model**.
 - Integrated Salesforce with a **third party IBM Identity and Access Management System** to **control access and manage entitlements** to different external applications linked to the **Partner portal**.
 - Worked on LWC to mass edit **Opportunity Products** linked to particular **opportunity** thereby **reducing significant number** of back and forth clicks.
 - Actively supported the application by handling incoming **Production issues** and **incidents** by resolving them under **SLAs**.

Certifications

- Salesforce Certified Platform Developer 1
- Salesforce Certified App Builder
- Salesforce Certified Administrator
- Salesforce Certified Associate
